GENERAL BONUS TERMS AND CONDITIONS

All bonus offers are strictly limited to one per: person and their family, home address, email address, IP-address, telephone number, account number, credit or debit card number, e-wallet number, payment system account (Neteller, Skrill, etc.), one electronic device (computer, mobile phone, tablet, etc.). Creating multiple accounts (duplicate accounts) will lead to termination of the accounts and confiscation of any gained winnings and active bonuses. The player should register personally and shall not provide access to their account or allow using the website by any third party including but not limited to minors.

All the players can take advantage of the bonuses, except for the cases when the bonus has country restrictions and the player is a citizen of one of these countries. Players from Sweden are not allowed to receive bonuses. Any bonuses are not available to players from Sweden, including participation in any kind of promotional programs, receiving VIP rewards, as well as exchange of comp points.

The player is not allowed to abuse the bonus offers. In case of such abuse the Casino has the right to prohibit the player from receiving any bonuses and to cancel any winnings received using bonus funds, both at the moment of wagering and after it.

All the bonuses are added according to the UTC time zone.

The player is not allowed to use any strategies while playing with an active bonus in order to fulfil the requirements to wager the bonus. If the player uses such strategies, and if the Casino has sufficient grounds to believe that the player's actions are aimed solely to obtain financial benefits using the bonus advantage, then the Casino reserves the right to cancel all player's winnings.

All the deposit bonuses have a minimum deposit requirement for obtaining the bonus, limitation of the maximum possible bonus amount, wagering terms, limitation of the maximum amount of bets while wagering, time limitation of bonus life, unless otherwise indicated.

Any issued bonuses are by default limited to a maximum bet during wagering: 5 USDT, 0.000075 BTC, 0.013 BCH, 0.07 LTC, 40 DOG, 0.0015 ETH, 8.5 XRP, 11 ADA, 0.0085 BNB, 37.5 TRX, 5 USDC unless otherwise specified. Maximum bet limit includes bets doubling after a game round has been completed as well as bonus rounds (purchased within the game).

Maximum bet during real money wagering is 54 USDT, 0.00073 BTC, 0.127 BCH, 0.685 LTC, 357 DOG, 0.014 ETH, 81.22 XRP, 116 ADA, 0.0834 BNB, 371.19 TRX, 54 USDC in slots.

Maximum bet during real money wagering is 109 USDT, 0.00146 BTC, 0.254 BCH, 1.37 LTC, 714 DOG, 0.028 ETH, 162 XRP, 232 ADA, 0.1668 BNB, 742.38 TRX, 109 USDC in the following categories: cards, roulette, lottery games. The winnings obtained by using bonuses become available for withdrawal only after meeting the requirements of all wagering rules.

All the bonuses are non-sticky meaning that the Player cannot request a withdrawal until wagering requirements are fulfilled. In the case the Player has real money and bonus money in their account, real money gets exhausted first. As soon as bonus money is lost, the bonus is also lost.

At the end of the bonus period, if the bonus remains valid and the conditions of wagering are not met, all bonus money and winnings are void.

Bonuses are automatically cancelled upon active balance reaching the amount of 0.01 USDT/USDC; 0.000001 BTC; 0.00001 BCH/ETH; 0.0005 LTC; 0.05 DOG; 0.15 XRP; 0.01 ADA; 0.0002 BNB; 0.75 TRX or less.

This term only applies to balance tied to a bonus, i.e. deposit + bonus, or a bonus only (in case of a no deposit bonus), and doesn't apply to funds on a player's balance gained from other deposits or bonuses.

A player can request a withdrawal of their deposit before meeting the requirements for bonus wagering. In this case, the amount of the bonus and winnings are void, and the remaining funds, if any, are paid to the player.

A player has the right to cancel any bonuses without proceeding to their wagering, without any loss of their own funds.

Only one bonus can be activated at a time. The deposit bonuses cannot be combined. A player has the right to refuse any bonuses from the Casino.

Delaying any game round in any game, including free spins features and bonus features, to a later time when you have no more wagering requirement and/or performing new deposit(s) while having free spins features or bonus features still available in a game, is prohibited.

Please, note that not in all games a bet amount is fully taken into account when wagering the bonus. 100% of the bet is taken into account when playing slots, except the games excluded from bonus wagering and all Jackpot slots.

All slots games - 100%, all roulette games - 10%, all poker games - 10%, all card games – 10%, all video poker games - 0%, all casual games - 0%, all craps games - 10%, all lottery games - 0%, all other games - 100% of the bet. When gambling with bonus funds, all the winnings requested for withdrawal pass a check prior to payment processing. The Casino

reserves the right to request the user to confirm the personal data and payment method data as a result of the check.

The use of bonus funds purely to progress through the bonus stages is prohibited, particularly in the cases when bonus or cash funds are used purely to progress through the bonus stages (e.g. collecting 9 out of 10 coins to reach the bonus feature), and then final stages (e.g. playing to collect the final coin to reach 10 out of 10 and the bonus feature) are completed with cash bets when bonus funds have been forfeited, lost or wagering has been met, and converted to cash. All the winnings gained during that play may be considered void.

The Casino has the right to revoke any bonuses and winnings, as well as to confiscate all the money in the account if it has been obtained dishonestly or in violation of these rules.

The Casino reserves the right to amend and supplement these terms at any time. In case of a discrepancy between any terms and conditions in English and any other language, the English version prevails.
